

We deliver high-tech GDPR SaaS products

Affordable for all businesses
and organisations

The risks of fines increase

and it is costly to not follow the law

The risk:

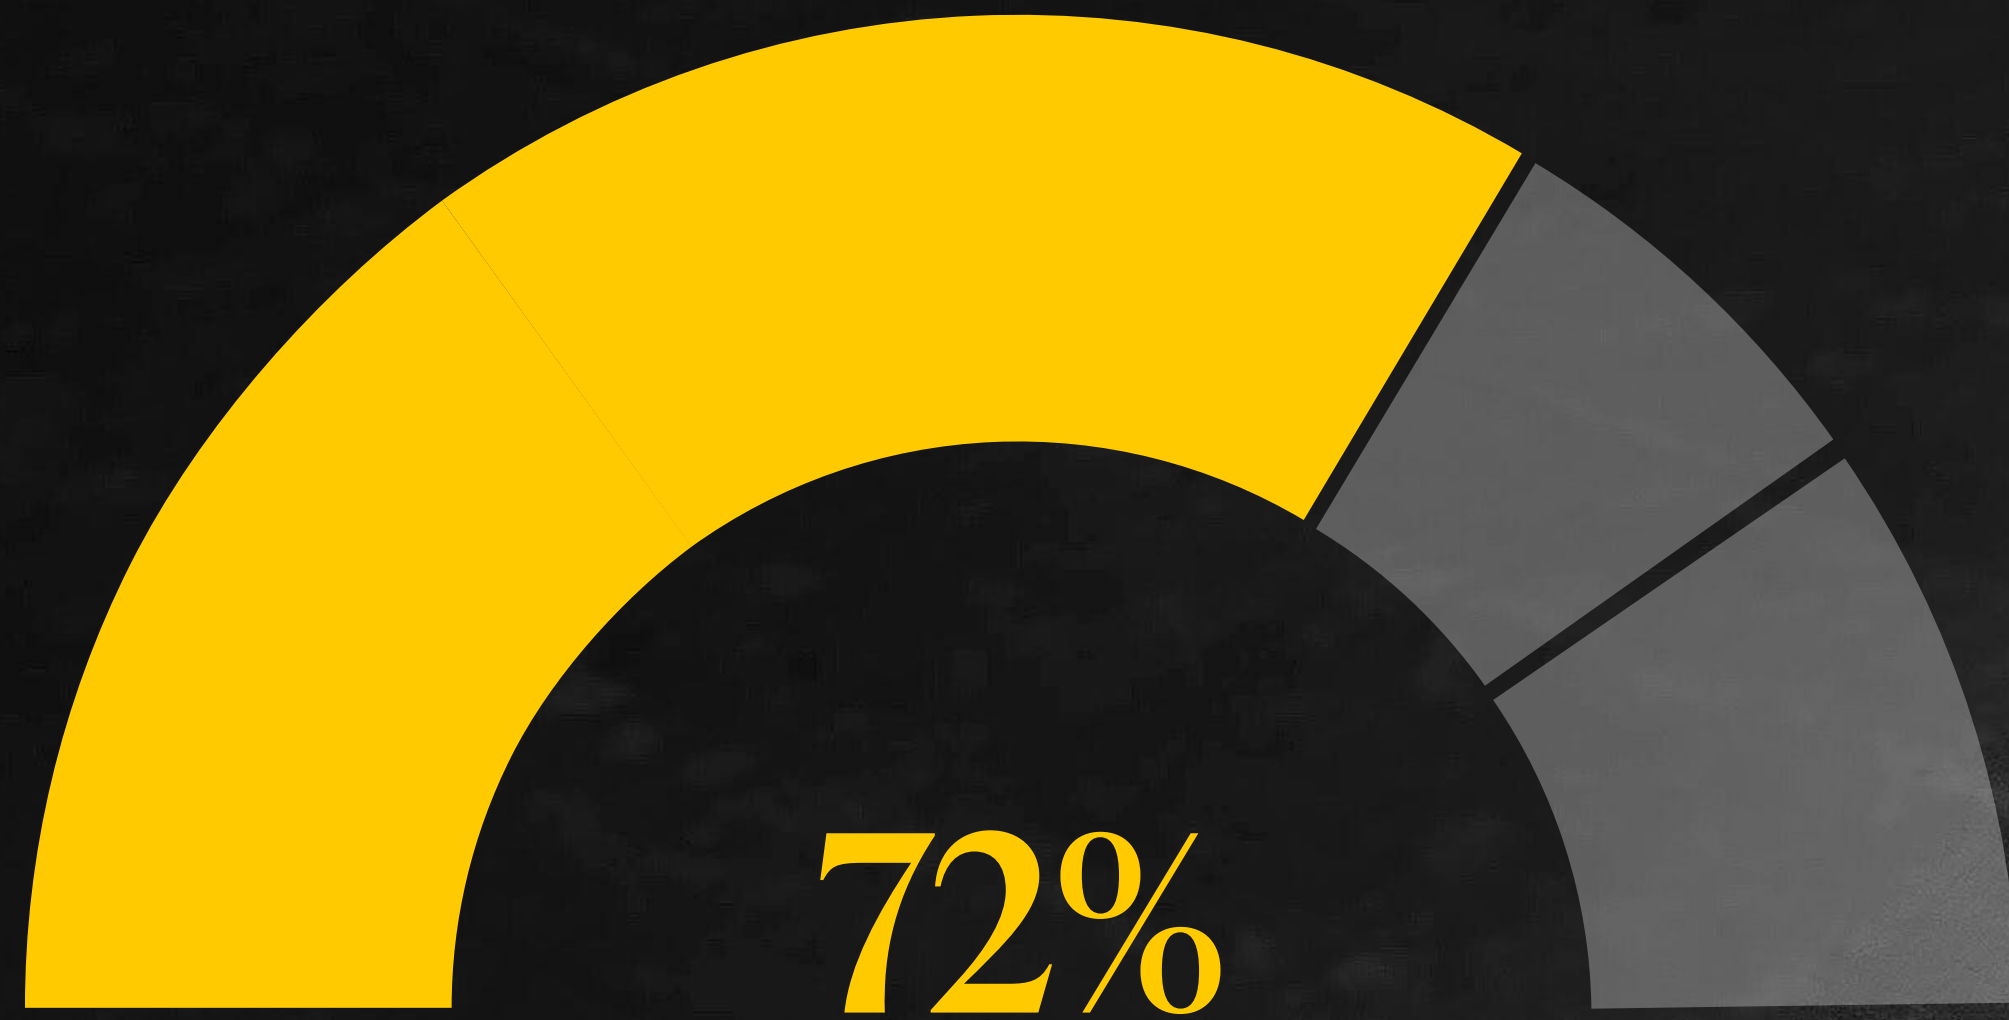

a fine up to **4%**
of the company's global
turnover

Fines delivered

IMY Inspections and decisions – SME
increased focus

of customers opt out of
companies that do not
respect their privacy

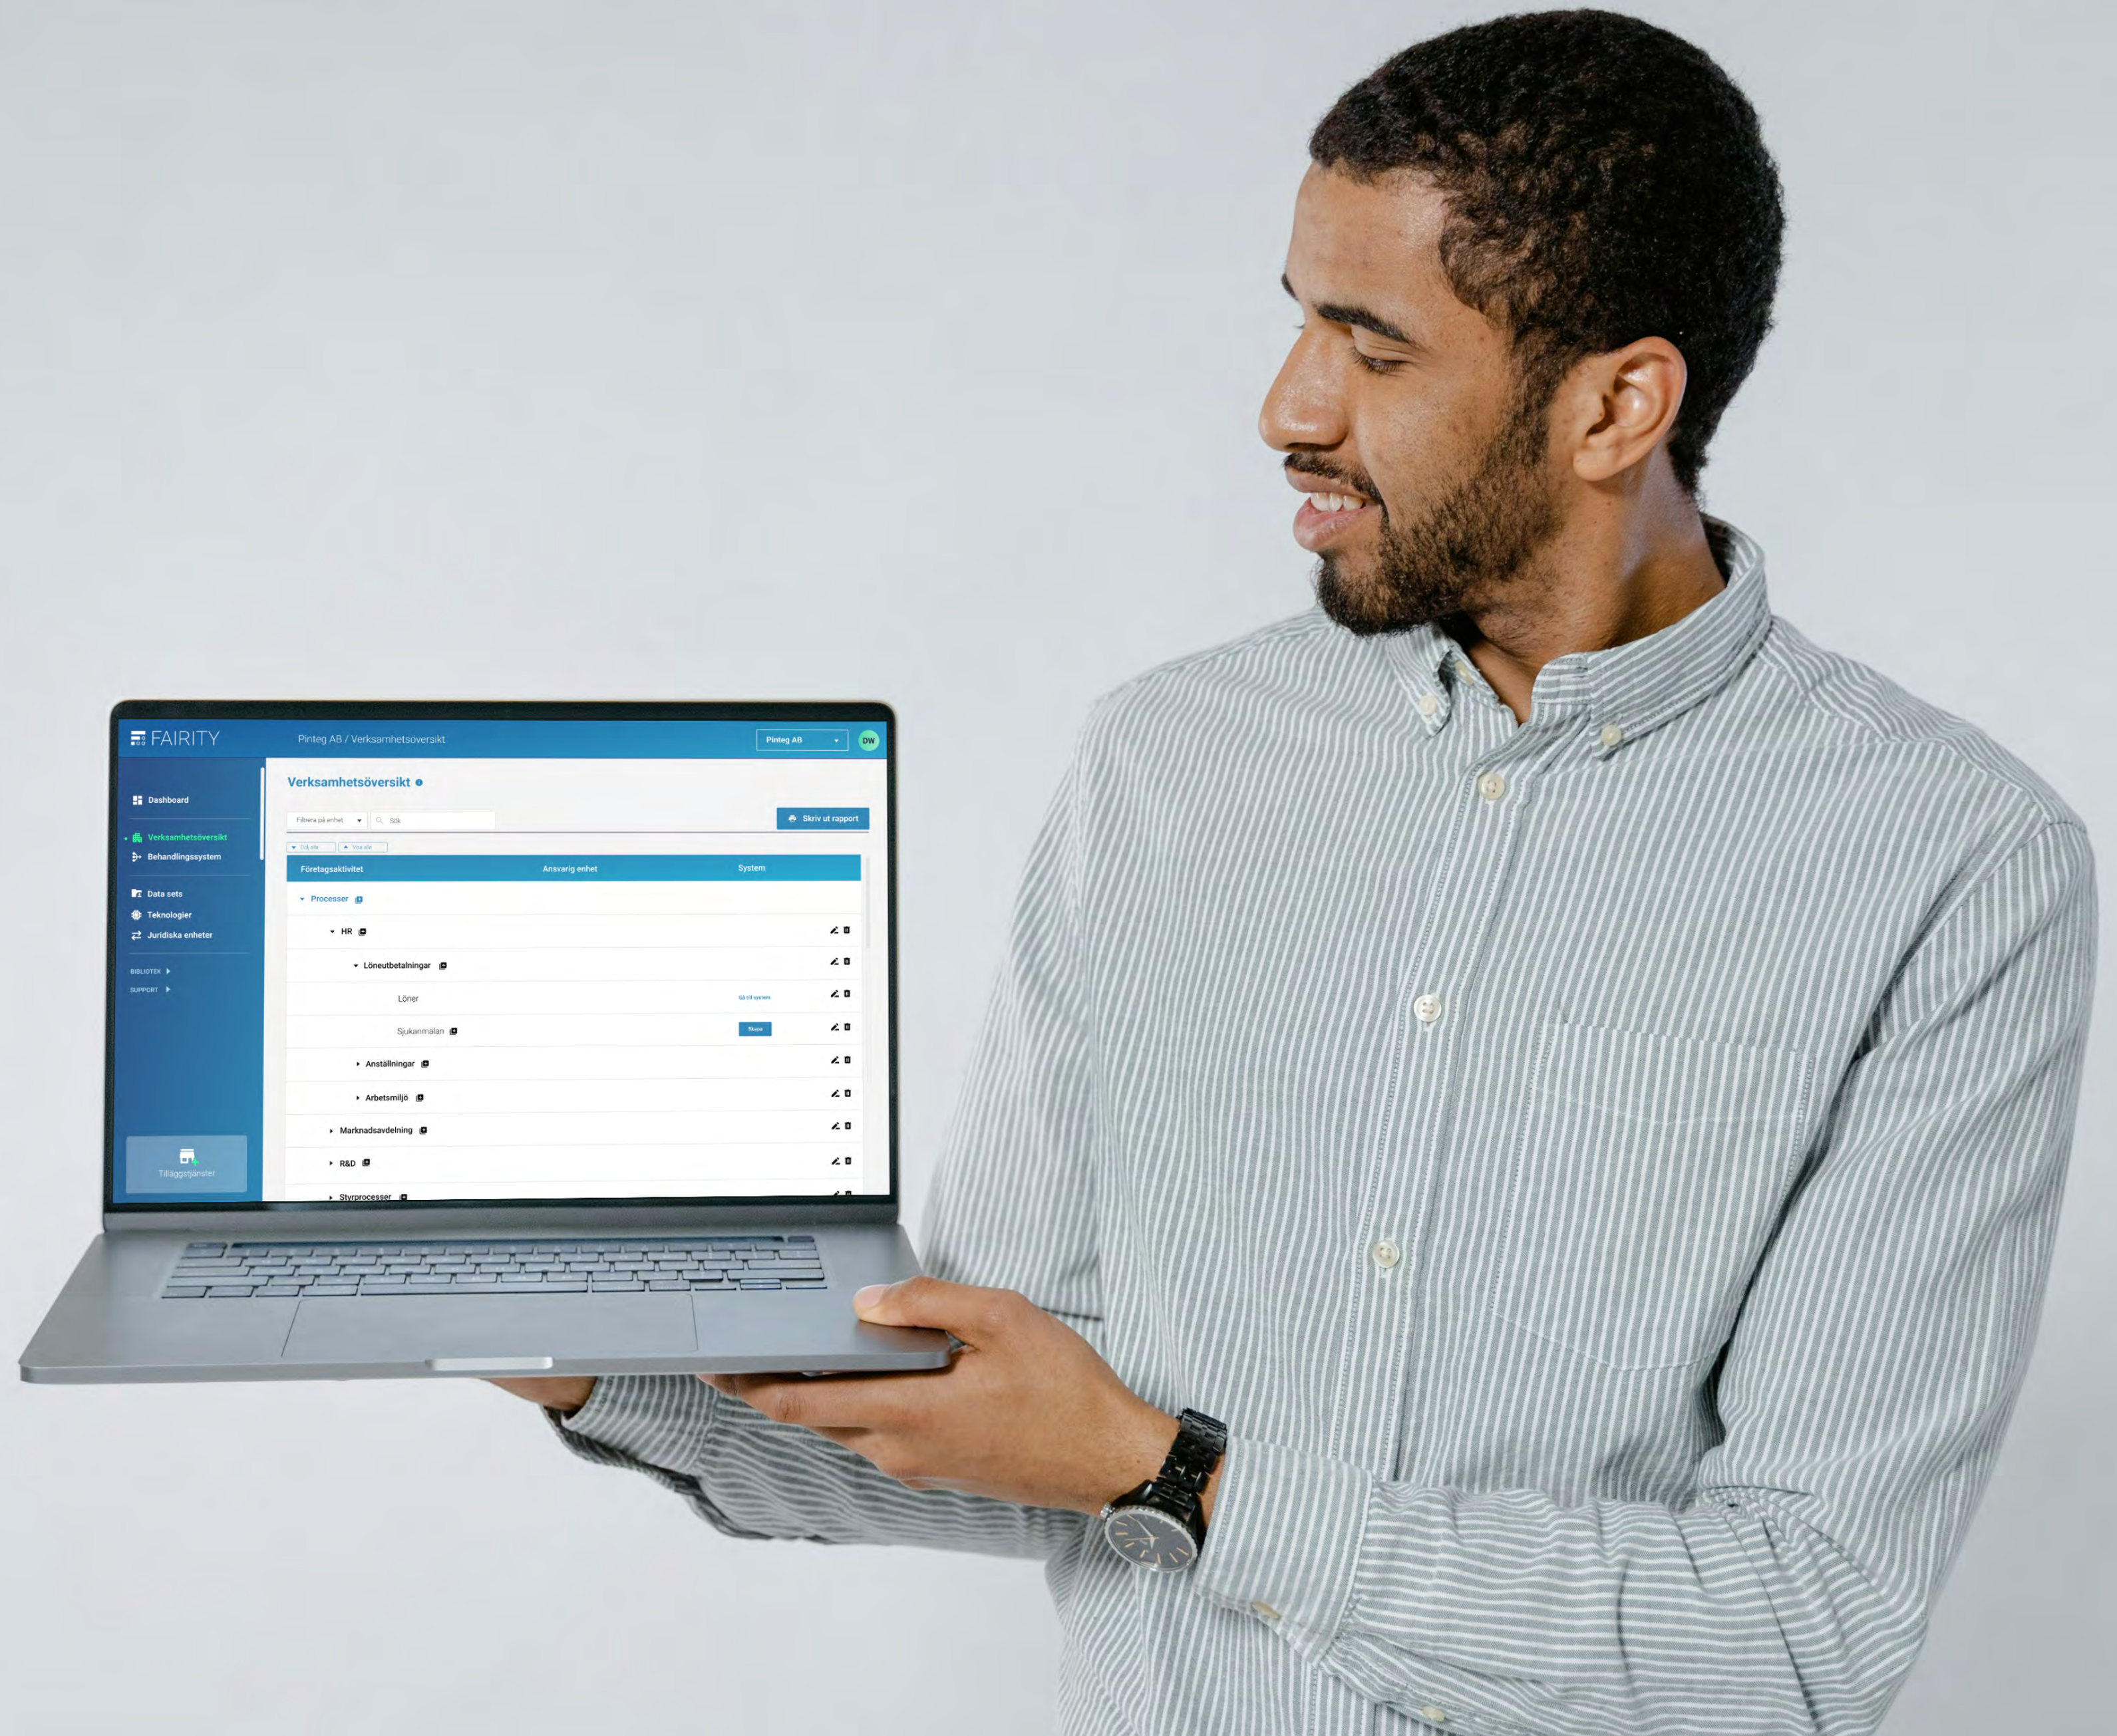

Do you feel that it is time-consuming, costly & difficult to:

- Get started with GDPR work
- Get a good overview and workflow
- Create reports such as the privacy notice
- Create continuity in the GDPR work
- Get expensive legal help
- Take care of a personal data request
- understand incident reporting requirements

Finally a solution!

Fairity takes automation to the next level

– built on a powerful SaaS platform

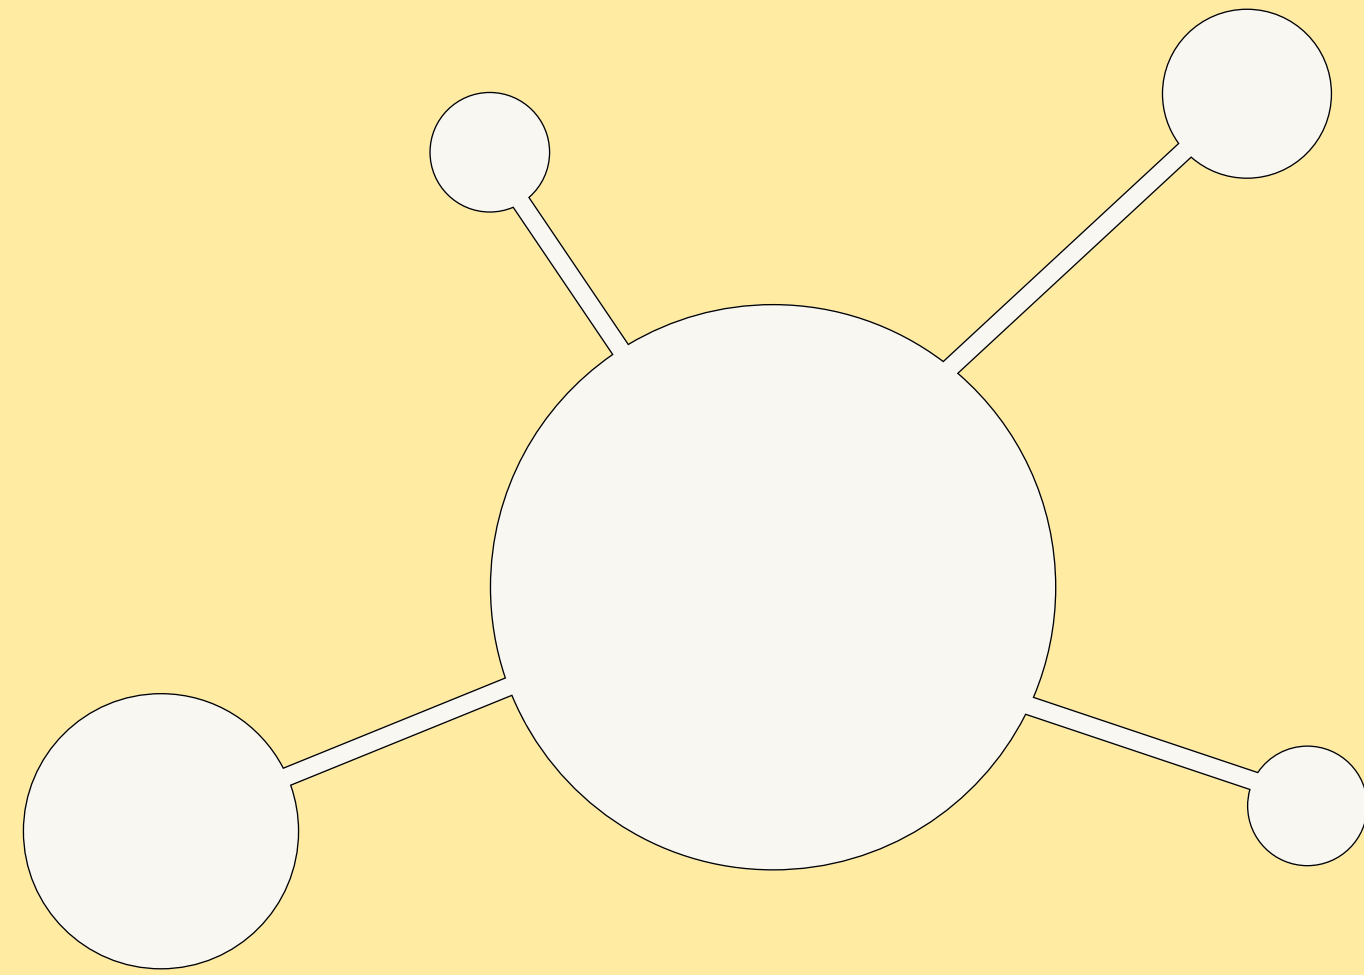

With Fairity as your tool, you:
